2016 NCAA FOOTBALL FORMAT PRODUCTION NOTES

STATION ID

A ten-second window for station identification will be provided near the top of each hour on this cue:

"LET'S PAUSE 10 SECONDS FOR STATION IDENTIFICATION, YOUR LISTENING TO NCAA FOOTBALL ON COMPASS MEDIA NETWORKS"

COMMERCIAL SEQUENCE

The Network is not always in control of when commercial breaks can be taken, as this is often dictated by game play or the organization televising the contest. As a result, some commercial positions may not air in the exact order that they are scheduled on the above format. For example, should a game quarter end before all the formatted commercial positions have aired, the Network will jump ahead and go to the break scheduled for the end of that quarter. Any skipped commercial positions will be made good at the first available opportunity.

STATION MAKEGOODS

If any Station Positions are not accommodated as scheduled, make goods will be given at the first available opportunity with the cue: "This is NCAA Football on Compass Media Networks"

Radio Advertising Policies of the NCAA

Prohibited

NCAA advertising policies are designed to prohibit those advertisements that do not appear to be in the best interests of higher education. The NCAA will have the authority to rule in cases where doubt exists concerning acceptable advertisers and advertising copy for broadcasts of NCAA Championships; however, the following are expressly prohibited:

1. Alcoholic beverages (except as specified below),
2. Cigarettes and other tobacco products,
3. Professional sports organizations or personnel (except as specified hereafter),
4. Organizations promoting gambling,
5. Firearms, ammunition and other weapon related items, and
6. Nightclubs, pool halls, and similar establishments.

Restricted

There will be no advertisements for alcoholic beverages other than malt beverages, beer and wine. Such advertisements shall comprise not more than 60 seconds per hour, and no more than 120 seconds total of any broadcast.

Use of Professional Athletes

Advertisements featuring active professional athletes from the sport for which an NCAA broadcast is being produced are permissible, provided there are no vocal references to that sport. There are no advertising or promotional limitations applicable to active professional athletes in other sports. Advertisements in broadcasts that contain reference to the games, personnel (except as noted above), broadcasts, or other activities of professional sports organizations are not acceptable.

Drug Advertisements

Non-therapeutic drugs and, generally, other drugs and patent medicine advertisements are not allowed; however, analgesics, cold remedies, antacids and athletics training aids that are in general use are acceptable. Institutional advertising by pharmaceutical firms also is acceptable.

Affiliation with NCAA, Participating Teams

No commercial advertisement may relate, directly or indirectly, the advertising company or the advertised product to the participating institutions or their student-athletes, or the Association itself, unless prior written approval has been granted by the NCAA
